HERE WE GO!

DOLPHIN WEAR & DECKERS

2018 and our aim is to bring you the very best we can.

We are so proud to be the first to recognise the evolution of the Yachting industry and so thankful to all those involved in the research and decision-making process that brought about the merge of our two companies which has driven us to evolve with it. This was a customer led initiative as much as our own. Thank you!

So what's changed?

We can offer you, our clients, both old and new a wide range of products with access to more stock items than ever before which in turn will lead to shorter lead times. Due to the merge we now have local customisation facilities in both France AND Spain allowing us greater efficiency in completing your orders. We have showrooms in Antibes, Barcelona and Palma Mallorca complemented by a large network of agents around the globe. We have more staff on the quays visiting you on request whilst all the time listening to your requirements and feedback.

We can offer you a Classic Uniform, a style in-keeping with modern trends, or a unique, fully bespoke uniform. We have an experienced team of Key Account Managers dedicated to dealing with large Yachts/Projects. We aim to bring you the very best of both companies. We know we have all the tools at our disposal to deal with any order be it the largest Superyacht in the world or the person who needs advice and some basic gear to get out there dockwalking.

So what's NOT changed?

We are the same people. With the same ideas With the same heart. We are still listening. We still want to improve little by little every day. We still love what we do and we are still having fun doing it.

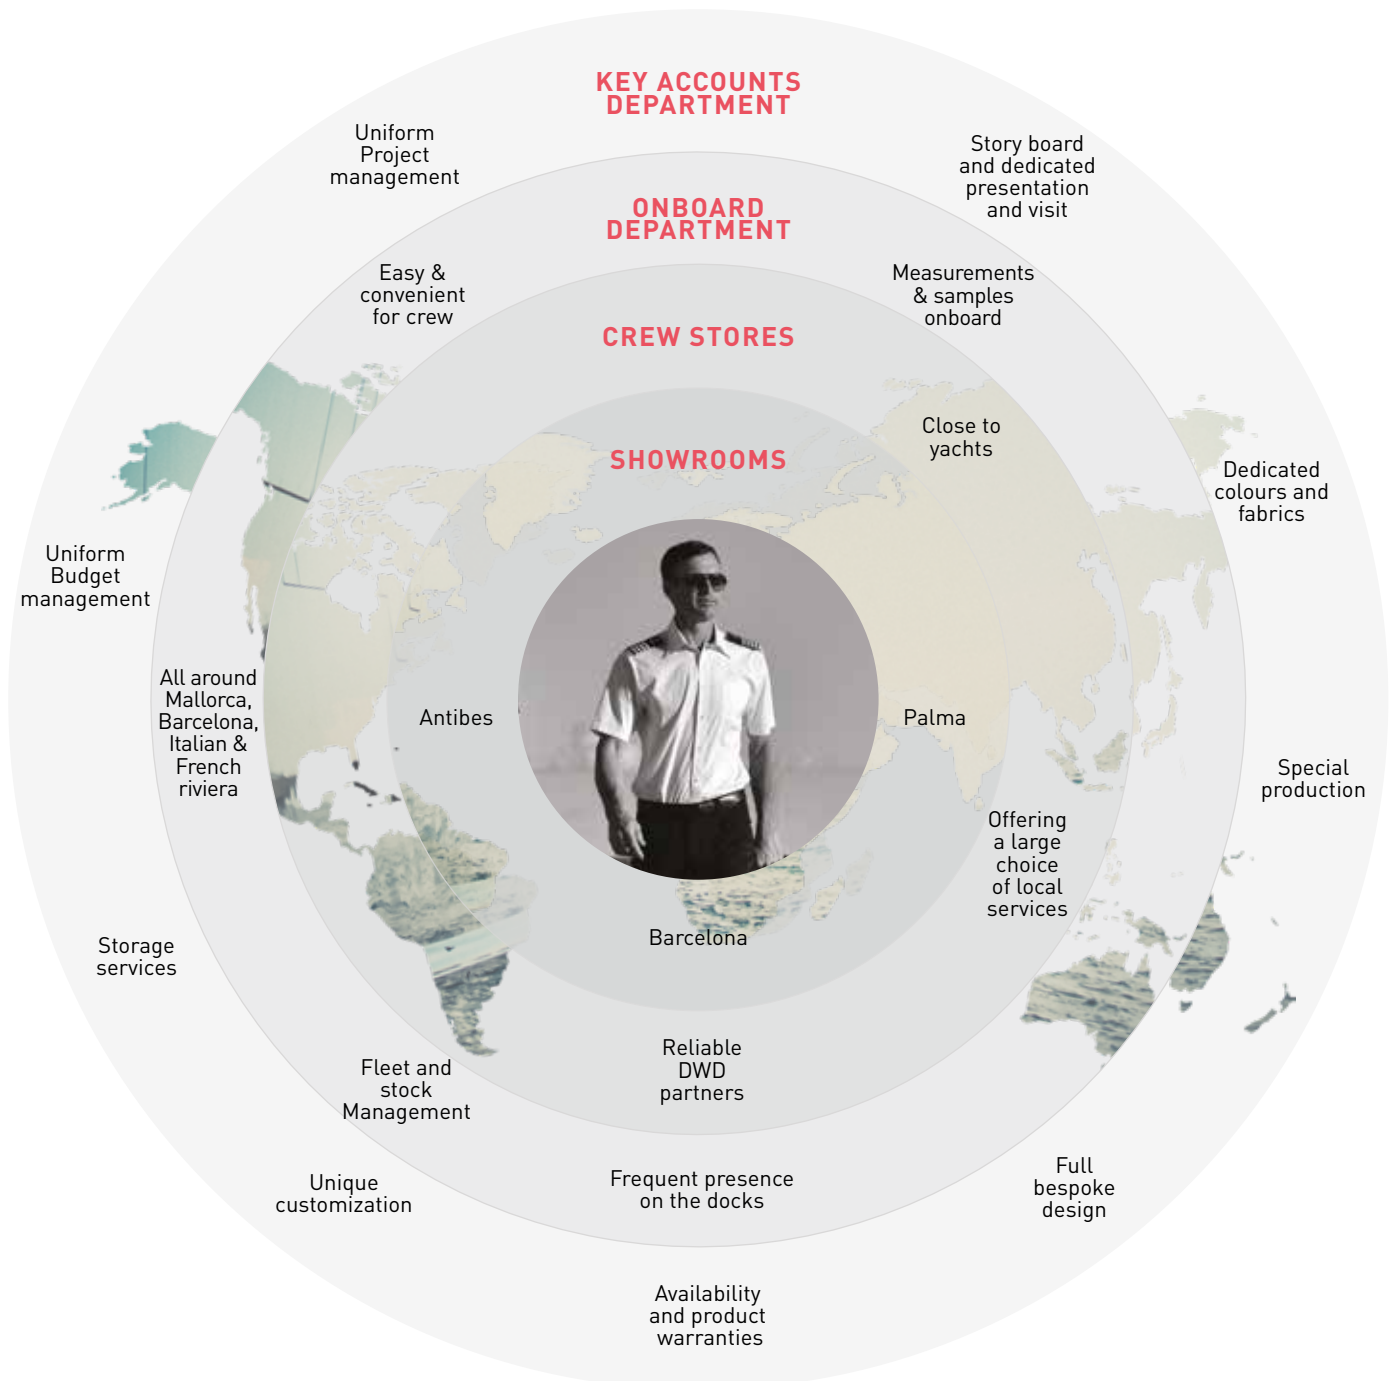

So, thank you once again for your trust and support both past and present. Have a great season. Stay in touch.

UNIFORM SOLUTIONS

MADE TO MEASURE

MADE TO MEASURE

Your Yacht is truly unique.

Lets work together to create a uniform to reflect this.

Whether you have your own creative flair, or you're in charge of executing the owner's ideas, we are on hand to make your designs become reality. Our in-house design experts offer you three complete solutions, to help create the wow factor with your crew wear!

Based on the respective knowledge from Deckers' high end **EXCLUSIVE DRESS COLLECTION**, and Dolphin Wear's complete made to measure process and facilities, DWD will drive your design project, producing the most exclusive range, inspired by your yacht's distinctive essence.

From **CUSTOMISATION** - a slight modification to an existing product such as adding stripe, piping, tip or pocket detail, to **MADE TO MEASURE** - a complete new design of a dress, polo, shirt or bermuda using specific fabric in the colour to match your yacht's aesthetic criteria, DWD will warranty you the exclusivity and distinction of a full uniform collection, with the added value of knowing your own products will continue being produced year on year.

Please, discover some of our creative visualisation and share with us your uniform dream.

Together, we will work to make it happen!

“

“All of our uniforms were made to measure and surpassed expectations. More, the embroidery, screen printing and design were added, all of a high quality, and completed to our satisfaction.”
